Vision
Capture 21st Century technologies
to deliver services to Idaho's citizens.

Mission
The Information Technology Resource Management Council (ITRMC) **reviews and sets the statewide direction** for information technology and telecommunications by preparing short and long-range IT and Telecommunications Plans.

Within the context of those plans, the ITRMC **establishes statewide IT and telecommunications policies, standards, guidelines, and conventions** assuring uniformity and compatibility of state agency systems. The ITRMC, established in 1996, follows the philosophy of local control and central coordination, and has statutory authority, HB 661.

Pam Ahrens, Director of the Department of Administration, has served as Chairman of the Council since its inception in 1996. In this role, she serves as the state's **Chief Information Officer.** The council is comprised of members representing Elected Officials, the Legislature, the Judiciary, Executive Agency Officers, State Board of Education, Public Safety, and Rural Interests, the private sector, and agency IT managers. Executive branch, rural interests and private sector representatives are appointed by the Governor.
